Faux Wood Beams

With the look and feel of wood, this non-organic material does not degrade or deteriorate over time. Utilizing color and texture combinations give these light weight beams the look of real wood. Choose from rustic or plain wood grain, square or round beams.

Rosettes

Rosettes are the perfect architectural enhancement to open-faced wall and gable areas. Standard size is 24" x 24". They are sold with our stucco-ready coating.

Niches

Our niches offer you the ability to add flair to your home. They are custom made to order, and can be made to recess into the wall or to be installed flat. Niches are coated with Hand-Applied Interior Smooth Finish or Hand-Applied Limestone.

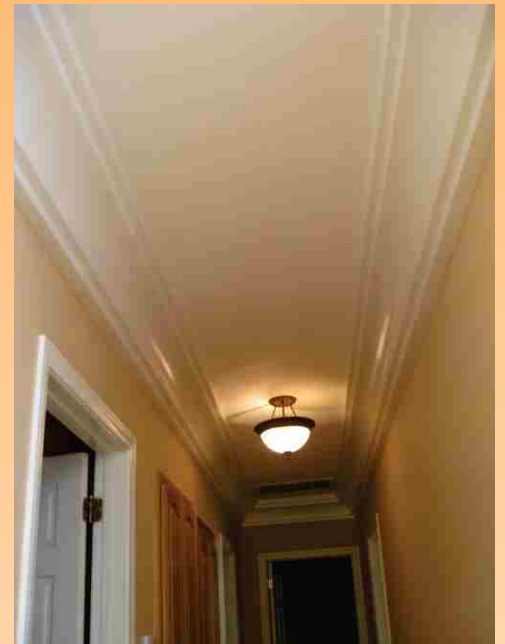

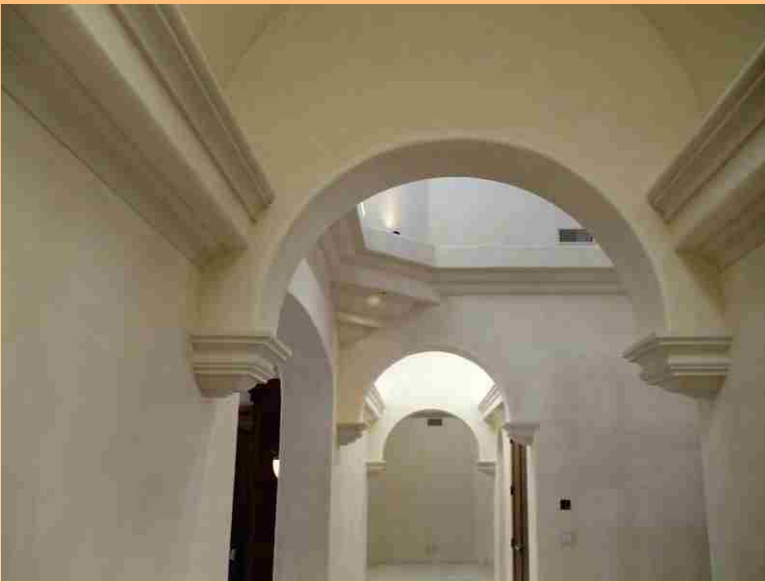

Mantles

Mantles make any room a focal point for all to enjoy. All our mantles are custom made to fit your exact area and needs. Mantles are coated to simulate Interior Plaster, Faux Wood, or Limestone.

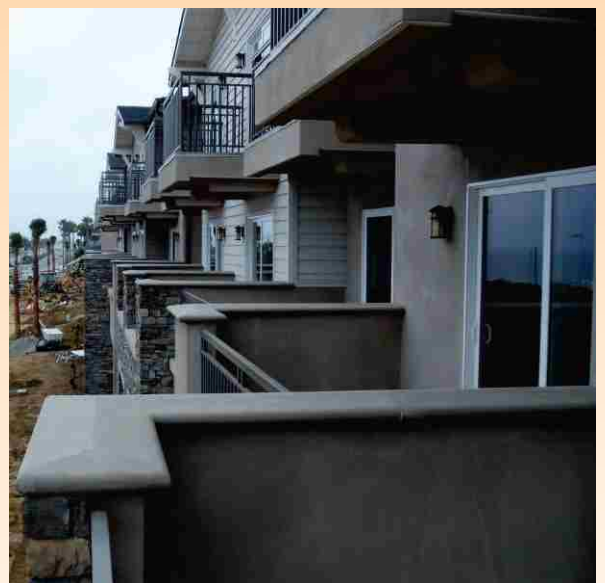

Crown Molding

Moldings do more than just decorate your walls, they offer a unique solution for lighting or concealing cracks or wiring. These light weight moldings will liven your room and offer infinite design possibilities.

Wall & Post Caps

Your exterior wall does not have to look like a cold concrete block barrier. Maintain your privacy, but add architectural style using foam wall caps combined with post caps. Available in stucco-ready, concrete-smooth, terrazzo and lime-stone.
